

Please do not weaken the regulations on Wisconsin's No Call List. We here in WI were bombarded with rude and annoying sales people who phone at all hours and would not take no for an answer. My father even had a telemarketer phone him back, directly after he politely declined the offer, to tell him he was being rude by declining. I received calls as late as 9:30 pm and had my children woken many times. Do not put us through this again. Do not weaken the regulations, please.

-Sincerely,

Katherine Pinter

Burlington, WI
